Energy Trust of Oregon Solar Incentives

Energy Trust allocates funding for solar electric incentive into "steps." When funding in a step is fully reserved, the funding in the next step becomes available with a new incentive offering. This report shows the status of the current steps. Additional details coming soon.

**March 25 2020 update:** incentive allocations for PGE Residential 2020 Step 1 and Pacific Power Residential 2020 Step 2 increased by $100,000 each.
