

# FUTURE TRAINING INTEREST FORM

This table lists potential upcoming trainings for Community Partner Funding (CPF) program participants, including both trade allies and community partners. Each row outlines the training topic, delivery method (in-person, virtual or both) and intended audience. Please check the boxes next to the topics you or your team are interested in attending. Completed forms should be submitted during onboarding or partner check-ins to help prioritize and schedule trainings that best meet partner program needs. Community partners may participate in trainings for trade allies if applicable to program delivery.
