

Craft3 Home Energy Loan

Updates and Improvements

Energy Trust of Oregon affiliates

April 2018

Lending to people, Investing for resilience

A lender that thinks and acts differently.

Since 1994, Craft3 has invested over \$470 million in entrepreneurs, nonprofits and individuals – including over \$48 million for 3,700+ home energy upgrades.

- Lending throughout Oregon and Washington.
- Offices in Astoria, Bend, Klamath Falls, Portland, Port Angeles, Seattle, Spokane, Walla Walla.
- Capital from over 120 public/private grants and loans, including from banks, foundations, governments, and individuals.

Serving many sectors and industries.

- Home energy upgrades
- Septic system repair/replacement
- Urban small business, including retail and service industry
- Community facilities
- Established nonprofits
- Clean energy, clean tech, and energy-efficiency
- Agriculture and fisheries
- Food systems and value-added processing
- Manufacturing
- Land and water conservation

Our Home Energy Loan, through Energy Trust's on-bill incentive offer helps make homes more energy efficient

- **100 percent financing (no out-of-pocket expenses).** Up to:
 - \$7,500 for Savings Within Reach projects for NW Natural, PGE, and Pacific Power
 - \$10,000 for heat pump projects for PGE and Pacific Power
 - \$15,000 for Southwest Washington NW Natural projects
- **Credit scores as low as 590, no equity required**
- **Straightforward rates at no cost to the contractor**
 - Universal rates for all approved applicants, no rate hikes for lower credit scores
 - No teaser rates with hidden costs
- **Easy repayment on heating bill for NW Natural, PGE and Pacific Power**
- **The process keeps getting faster!**
 - Online and paper applications
 - Electronic document signing
 - Electronic payment to contractors
 - **Improvement: Craft3 now evaluates incentive eligibility! Email all project related documents to Craft3.**

New and improved process for Energy Trust programs.

1. **Customer applies for financing with Craft3 in less than 10 minutes**
www.Craft3.org/HomeEnergy
(Trade Ally simultaneously submits incentive application and bid to homeenergy@craft3.org for processing)
2. **Craft3 emails decision on project and financing within 3-5 business days of loan application**
3. **Customer signs loan documents electronically**
 - Up to 50 percent of loan may be available up-front to contractors
4. **Contractor completes work**
 - Submit final signed invoice and Craft3 invoice summary to homeenergy@craft3.org
5. **Craft3 pays remaining balance to the contractor.**
 - Please allow six to eight weeks for incentive processing and payment
 - **Customer repays loan via their primary heat source utility bill.**

What people say about the Home Energy Loan.

The Heat Pump Store

The process and communication from Craft3 have been great. They keep me informed about how far along in the process my customer is and let us know when we can schedule the installation. I recommend the Home energy Loan at every sales proposal. The customer is excited to learn that they have an option to get the system financed and pay through their power bill.

Melissa McVicker

The Home Energy Loan program will make a HUGE impact on our lives. I couldn't afford to pay cash up front for this heat pump. Last winter, we used a single space heater to heat the house after the cadet heater quit working. My heating bill was outrageous. (Savings Within Reach On Bill Repayment)

Frank and Shellie Vedack

We have been remodeling for a year now and through everything Craft3 are the only ones that had an easy process and did exactly what they said they would do. It was very nice to have it all taken care of so seamlessly. (Heat Pump On Bill Repayment)

Interested in offering On-Bill Repayment to your customers?

To participate in On-Bill Repayment offerings, you must:

- have a Trade Ally Star rating of 2.5 or higher
- complete all Energy Trust necessary training
- sign a Energy Trust participation agreement before beginning any work or installing qualifying upgrades

To enroll in any of the on-bill repayment offerings and receive a custom training, contact your Energy Trust account manager or the existing homes trade ally team at 1.866.365.3526

We look forward to working with you
