

Agenda
Portland Trade Ally Forum
November 14 2017
8:00am – 12:00pm

8:00 – 8:30 Hot Breakfast and Vendor Networking

8:30 – 9:00 Welcome, and 2018 updates (Michael Colgrove; Energy Trust Executive Director)

9:00 – 9:20 Break & Vendor Networking

9:20 – 10:20 Breakout Session A (pick one)

St Helens A	St Helens B	St Helens C	St Helens D
Residential Measure and Program Updates Please join us to learn more about Energy Trust's offerings for residential participants, including upcoming incentive changes in 2018 in addition to shifts in how the program will be delivered in 2018.	Existing Buildings Info Session Join Alex Snook, with our Existing Buildings Program, to get answers to questions you may have or simply receive updates on the program during this informal information session.	CCB Code Training The purpose of this session is to explain changes to the Oregon energy code and to highlight good building practices, which create efficient, durable, and desirable houses. This presentation will explain the changes to Chapter 11, Energy Efficiency, of the Oregon Residential Structures Code as a result of the adoption of the 2017 edition. The purpose is to help contractors be aware of changes that will affect their work and avoid field corrections or delays for plans approval. Advanced registration is not available for this training. Attendees will simply sign in during the session.	Solar Program and Measure Updates Please join us to learn more about changes to Energy Trust's 2018 solar program offerings.
Marshall Johnson	Alex Snook	Howard Asch	Jeni Hall

10:20 – 10:40 Break & Vendor Networking

10:40 – 11:40 Breakout session B (pick one)

St Helens A	St Helens B	St Helens C	St Helens D
Existing Multifamily Measure and Program Updates Please join us to learn more about Energy Trust's offerings for multifamily participants, including upcoming incentive changes in 2018.	Connected Thermostats: Smart and Sensible or Dumb and Dumber Connected thermostats are the spear of the smart home invasion. Are they more than just another app? Do they save energy? Do they work with all systems? Can Raters and Programs use the data stream for quality control purposes? These and other questions will be explored in this give and take session where names will be named.	Portland Home Scoring Ordinance Kyle Diesner, City of Portland, will be joining us to discuss Portland's home scoring ordinance and answer any questions you may have.	Oregon Solar Energy Industries Association (OSEIA) Please join this session to obtain market and policy updates from OSEIA
Kate Scott	Dan Wildenhaus	Kyle Diesner and Andrew Shepard	OSEIA

11:40 – 12:00 Vendor networking

How did we do? Please don't forget to turn in your feedback survey. Your comments help us determine the best topics, formats and speakers for future trade ally forums. Surveys are available at the sign-in table for each session.
