

Equitable Solar Initiative

Solar | Eligibility Attestation | Form 210_{SE}

THIS DOCUMENT IS FOR REFERENCE ONLY – PLEASE SEE POWERCLERK TO SUBMIT REQUIRED FORM

Background

Energy Trust is committed to serving and benefiting all eligible utility customers and being inclusive in our program offerings. The Equitable Solar Initiative supports Energy Trust’s Diversity, Equity and Inclusion strategy and aims to help expand opportunities for underserved customers to benefit from solar, including people with low- and moderate-incomes, communities of color, and rural communities, and those serving them.

Instructions

To apply for increased incentives from Energy Trust’s Equitable Solar Initiative, this **Form 210SE: Eligibility Attestation** form must be completed by an authorized representative of the named:

- “System Owner” if submitting a **Form 220C: Solar for Business Incentive Application**; or
- “Host” if submitting a **Form 220T: Third-Party Owned Solar for Business Incentive Application**

Your solar trade ally contractor must then submit it to Energy Trust for review, with your completed Solar incentive application, prior to beginning work on the project. Energy Trust may follow up to request additional information and/or proof of eligibility documentation; final determination of incentive eligibility rests solely with Energy Trust.

Customer Information

Company Name	Project Contact
Site Address	

Attestation Agreement

By signing below, I represent and certify that, to the best of my knowledge, named Customer’s solar electric project as shown above, and as further detailed in the accompanying Solar incentive application, qualifies for increased incentives as part of Energy Trust’s Equitable Solar Initiative because it meets the criteria for one of the following eligibility categories.

Customer’s project site is: (**Check the one that best describes the project**)

- Tribal**
Owned and operated by one of the nine federally recognized tribes of Oregon
- Affordable Multifamily Property**
An affordable multifamily property where at least 50% of the property’s dwelling units associated with the project, are and shall remain dedicated for residents who are at or below 80% Area Median Income (AMI) for at least 10 years after project completion
- Eligible Nonprofit Organization**
Owned and operated by a 501(c)(3) nonprofit organization that (i) is registered with the Oregon Secretary of State, Corporation Division, (ii) is not identified on the Oregon Department of Justice list of “Disqualified Charities,” and (iii) has a stated mission and track record of delivering programs directly benefiting communities and individuals including, but not limited to, Black, Indigenous, and other communities of color, communities experiencing lower incomes, federally recognized Indian tribes, rural communities, coastal communities, communities with limited infrastructure, and other communities and individuals traditionally underrepresented in public processes and programs to incent and advance solar energy installations

I further represent to Energy Trust that (i) I am authorized to complete and submit this **Eligibility Attestation** on behalf of named Customer, and (ii) the information above is complete, truthful and accurate to the best of my knowledge. I understand that providing false or misleading information about Customer’s eligibility constitutes an act of fraud and that Customer may be required to repay the Equitable Solar Incentive funds provided if Energy Trust finds that Customer has provided false information.

I further understand and agree that this **Eligibility Attestation** is fully incorporated into and governed by the terms and conditions of Customer’s incentive agreement.
