About us

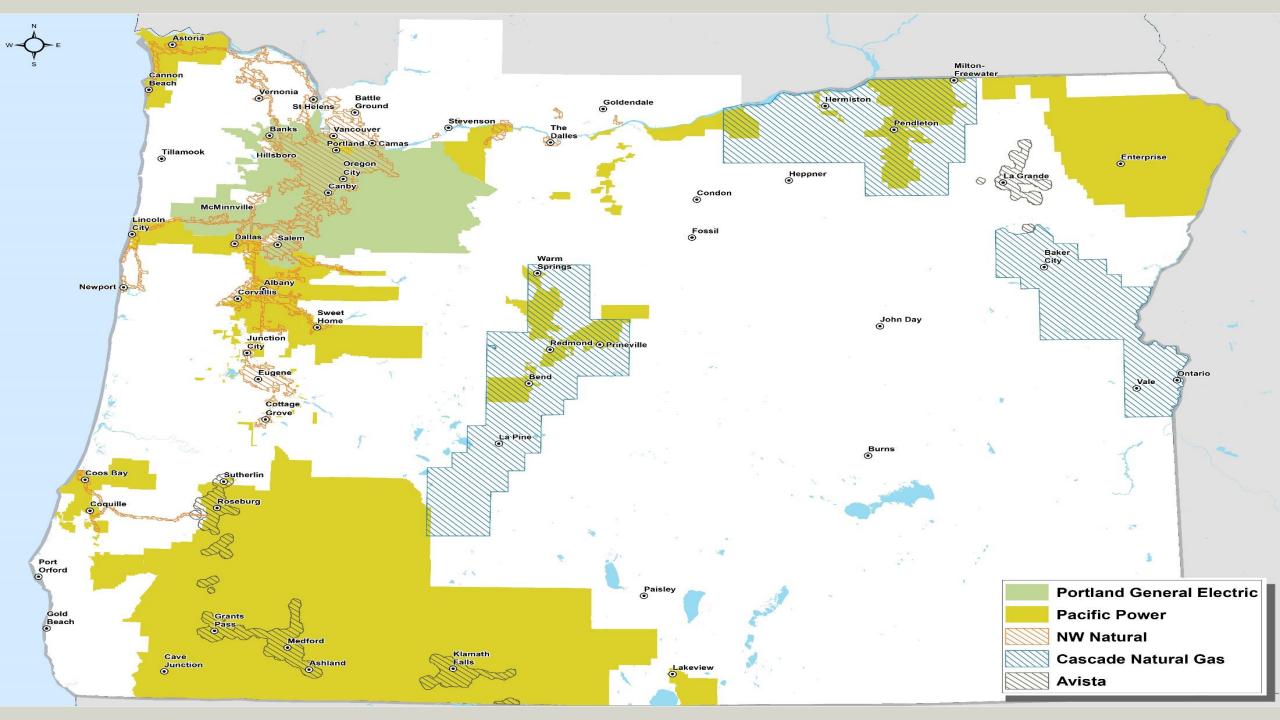

Independent nonprofit

Serving 1.6 million customers of Portland General Electric, Pacific Power, NW Natural, Cascade Natural Gas and Avista

Providing access to affordable energy

Generating homegrown, renewable power

Building a stronger Oregon and SW Washington

Why do we do this?

- Efficiency is the least expensive, most benign energy we can buy
- Renewables are the cleanest generation options available
- Diversifying future resource mix
- Reducing need for more expensive conventional, fossil fuel resources

Energy Trust Programs

- Residential
- Commercial (new construction and retrofit)
- Multifamily
- Industrial and Agriculture
- Renewables

What is a cash incentive?

- A cash incentive is a check that is provided after a qualified energy efficiency upgrade is completed
- We provide cash incentives to customers, retailers, contractors and builders

 Our incentives are designed to make energy efficient upgrades more affordable and attractive to customers

Sample Residential Incentives

- Insulation
- Energy-efficient windows
- High-efficiency heating and air conditioning
- Water heating (through select retailers)
- Solar

Full list available online

EPS™ New Construction

- Early design assistance, marketing assistance and cash incentives for builders of qualifying homes.
- Ongoing training for builders and verifiers.
